HSM ProfiPack C400

HSM ProfiPack C400 packaging machine

With this cardboard perforator, you transform used cardboard into packaging material in one work step. Can be used as a mobile and flexible tabletop device.

Technical data

Order number:	1528134
EAN	4026631062695
Throughput capacity:	50 kg/h
Power consumption:	625 W
Voltage / Frequency:	220-240 V / 50 Hz
Intake width:	415 mm
Loading height:	10 mm
Noise level (idle operation):	ca. 68 - 70 dB(A)
Width x Depth x Height:	610 x 395 x 375 mm
Weight:	46,65 kg

Product information

The integrated turbo-function resolves blockages by making more power available for a short time.

The device can be lifted up and transported easily via the side recessed handles.

Sturdy feet ensure the packaging machine will not slip.

High-quality packaging material

The packaging material can be used wherever required and provides an optimum protection for objects.

Continuous operation

Powerful drive allows continuous operation.

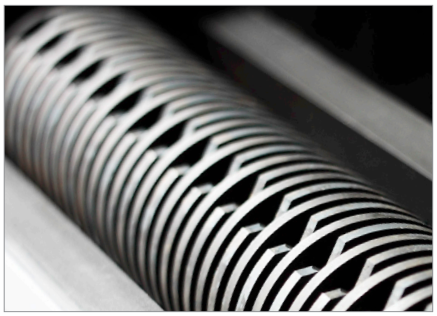

Working width as required

The infinitely variable adjustment of the working width with a scale allows the production of cushioning material exactly as required.

Intuitive controls

The intuitive operator control panel with LED indicators on a robust keypad signals the operating status of the device.

Specially hardened solid steel cutting rollers

The induction-hardened solid steel cutting rollers are wear-resistant against cardboard staples and guarantee durability.

Variable cushioning volume

Depending on the application, the cushioning volume of the packaging material can be adjusted as required.
